

Aloha my fellow Maui County Resident and the community. It is my honor to announce that I am running for Maui County Council South Maui. I am Johnny Keoni Prones.

DREAMS - VOICES - FUTURE

Why I'm running for office is we need to put people first working together, have transparency and stand beside you that has a voice for the people of Maui County.

I have a lot of issues to address but the important thing is we are forgetting what Hawaii is all about where we come from and the history that the people have built here on Maui.

We need to educate the community and visitors that Hawaii is so special in many ways that we come here and keep the tradition alive for the next generation to come.

I'm humbly asking for your vote on the Primary Election on August 10 and General Election on November 5 2024.

So come out and vote your voice matters. You have the right to put whoever you believe that puts people first and rebuild and shape the community by working together.

Mahalo!

Why do I want to run for Maui County Council? There are a lot of major setbacks of issues that don't get addressed. This is before the fire even happens. My focus as a council member is to restore order for the Native Hawaiian People.

Also rebuilding Lahaina and Upcountry Maui Housing and Homes even our infrastructure roadways, parks and beaches. Providing assistants to our homeless population and getting better transportation for our Kupuna.

JOURNEY STARTS FROM THE HEART GIVING BACK TO THE COMMUNITY

My message tells a story of three words: DREAMS, VOICES, FUTURE. This picture tells the meaning of the first word: DREAMS. In my childhood I wanted to be a flight attendant, travel the world and go to different places that I haven't been too. Then I graduated from high school and got into a different position in the tourism industry.

When the pandemic hit it was a loss for all of us but it was a great vacation for the kamaaina residents because there were no tourists on the island. It was like we got our island back but when the business was closing due to the economy no help was given. Now that the world was opening up we were facing more difficult challenge more people were coming our island can't handle anymore due to traffic on our roadways long lines at stores and restaurants.

Then the devastating Maui Wildfire in 2023 we lost a lot of lieviies that day cause we didn't have a plan in place. I've been seeing alot of social media just pointing the finger or figuring out who to blame. The thing is we all fail to protect the land, water and other resources. Ask yourself if this is the world we want to live in.

Second word VOICES you have the right to express your own opinion come out and speak up be yourself speak the truth of what we are fighting for enough is enough no means no. I ask you to take the time to be a registered voter to vote in the election cause your voice matters. We The People can rewrite the history of Hawaii because it plays a role in all of us.

Third word FUTURE, I wanna educate our young youth how to survive where we can get our resource live off the land or water like the Hokulea voyager navigator, farming, agricultural, builders of the foundation we come together to share ideas in the community so nothing like this would ever happen again.

Mahalo Nui Loa
Johnny K Prones
